Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 2 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133).
- Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Ex Parte Quayle

This application is in condition for allowance except for the following formal matters:

Drawings

Figs. 7 and 8 must be amended to include a dotted line or some other form of demarcation to more succinctly define the integrally formed peripheral projecting portion, element 27.

Claims

Claims 1-9 are objected to because of the omitted specific claim language with regards to the location and scope of the integrally formed peripheral projecting portion. The proposed amendment is as follows:

“Claim 1 (Currently Amended): A sleeve arrangement in a connector between an optical fiber and a transmitting or receiving module for optically connecting the optical fiber and the transmitting or receiving module, said sleeve comprising: a body containing a portion defining a light-leading path of frusto-conical shape having a side portion, and a small-diameter end face for facing the transmitting or receiving module; an outer tube portion [disposed] concentrically spaced with respect to the light-leading path and being substantially coextensive therewith; and an integrally formed peripheral projecting portion of said sleeve extending radially from said side portion of the light-leading path [between] and interconnecting the outer tube portion and the [periphery] side portion of the light-leading path thereof.”

Allowable Subject Matter

Art Unit: 2872

Claims 1-9 are objected to, but would be allowable if rewritten to overcome the objection as stated above. The reasons for allowability are as follows:

Regarding claim 1, the prior art of record fails to teach or suggest sleeve arrangement with an integral peripheral projecting portion extending from the side of a light-leading path connecting the light-leading path to an outer tube portion.

Claims 2-9 depend from claim 1 and are therefore allowable for the same reasons as mentioned above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
